Get the Answer how much money have i spent on league

Actually, it depends on many things. It needs to be decided by the gamers and according to the player's attitude. In recent times, in gaming experts' view, the game is the most successful in the market. The form lasts a few years; millions of players start playing the game.

There is one essential feature we need to address about this game. The players can play the game quickly and freely. But if the players want to win the game, they must pay. Yes, you heard right. The players need to pay.

Per the gamer's experience, to win this game, the players need to face 160 stages. The players need to win the 160 stages. But there is one condition. The games need a character to win the game. For every stage, the players need to take help from this character. With consistency, you can beat the competition.

But the gamers need help to buy the character. They need to buy the surface by the game coin. And the gamers need to win the coin by winning the game. Even more, with cosmetic items, you can beat the competition. You need to buy decorative items with real money. You need to spend real money to win the game.

how much money have i spent on league

It is a psychological question. What you can buy or what to believe needs to decide by the gamers only. But as per the game rule, you must purchase the skin, battle pass and many things to win while you play. So, it is difficult to say how much you can spend on the game.

You can only win the game if you spend the money. That is also true. Therefore ultimately, you need to pay. You need to spend money and cosmetic to play and win the game.
